

Fisheries Biologist (One year term)

The Anishinabek/Ontario Fisheries Resource Centre (A/OFRC) is a not-for-profit corporation established by agreement between the Grand Chief of the Anishinabek Nation and the Ontario Minister of Natural Resources to further the knowledge and conservation of fisheries resources of interest to member First Nations and Ontario's stakeholders.

The A/OFRC is offering a unique one-year job opportunity to a fisheries biologist with demonstrated field experience. The successful candidate will also utilize their experience in providing project design, data analysis, and reporting of fisheries data to First Nation communities. This temporary full-time position will be based out of the Centre's main office in North Bay, Ontario but will involve seasonal travel throughout the Lake Huron/Lake Superior Regions and southern Ontario.

Salary Range:

\$50,000.00 - \$60,000.00/year

Qualifications:

- Graduation from a university of recognized standing with a degree in fisheries science or related discipline
- Demonstrated experience in field project design and, analyzing and presenting fisheries assessment and fish population data
- Experience using, or ability to learn Fishnet software
- Excellent oral and written communication skills
- Knowledge of, or desire to learn First Nations culture
- Valid Ontario driver's licence
- Experience with GIS would be an asset

Potential candidates should provide a cover letter outlining their qualifications and a resume no later than October 30, 2009 to the General Manager, A/OFRC, 755 Wallace Road, Unit #5, North Bay, Ontario, P1B 8G4. Applicants may also forward cover letters/resumes directly to edesson@aofrc.org.
