BLANDING TURTLE ASSESSMENT

May, June & July 2023

NIPISSING FIRST

Species at Risk Population & Habitat Surveying

The Anishinabek/Ontario Fisheries Resource Centre (A/OFRC), in partnership with Nipissing First Nation will be conducting a Blanding's turtle habitat assessment around the North shoreline of Lake Nipissing from May– September 2023. This project will take place over multiple years and will aid with protection and development planning.

All information gathered will contribute to the protection and recovery of the Blanding's turtle by identifying important habitat and areas of concern.

Canadian Herpetological Society

Canadian Herpetological Society

The A/OFRC is a not-for-profit organization that serves as an independent source of information for communities within the Anishinabek Nation. The Centre provides information and recommendations for sustainable fisheries management, reports of stock status, evaluates stresses on fish populations and habitats, and offers technical support.
