

## NEWS RELEASE: APRIL 2025 LONG LAKE #58 FIRST NATION

### Raynar Lake Northern Pike Presence/Absence Assessment

Long Lake #58 First Nation in partnership with the Anishinabek/Ontario Fisheries Resource Centre will be completing a Northern Pike Presence/Absence Assessment on Raynar Lake during the spring of 2025.

Beginning in May, Long Lake #58 First Nation and A/OFRFC staff will be on the lake assessing the presence/absence of Northern Pike with non-lethal capture methods. The information collected during this project will help provide an understanding of the status and overall health of Northern Pike in Raynar Lake.

For more information, contact:  
Corey Mandula, Senior Fisheries Technician

The A/OFRFC is a not-for-profit organization that serves as an independent source of information for communities within the Anishinabek Nation. The Centre provides information and recommendations for sustainable fisheries management, reports of stock status, evaluates stresses on fish populations and habitats, and offers technical support.
